WHO WE ARE

Snap Solutions & Project India Pvt. Ltd. is a trusted EPC partner offering end-to-end solar energy solutions across India and Africa.

We bring over 18 years of turnkey execution experience with a focus on solar PV systems, hybrid energy solutions, mobile solar towers, and smart renewable infrastructure.

SOLAR SERVICES OVERVIEW

- On-Grid, Off-Grid, and Hybrid Solar Installations
- Rooftop and Ground-Mounted Solar PV Systems
- Solar Mobile Light Towers
- Smart Solar Integration with Existing Infrastructure

SOLAR ENERGY PROJECT CAPABILITIES

- Complete design, supply, installation, testing & commissioning
- Real-time performance monitoring solutions
- Grid synchronization and battery backup systems
- Site feasibility analysis and ROI-driven proposals

SOLAR MOBILE LIGHT TOWER

- 56,000 lumens high-efficiency LED lighting
- 13–14 hours backup with auto ON/OFF functionality
- Rugged, road-ready trolley design with heavy-duty suspension
- Ideal for highways, remote sites, and emergency applications

SOLAR PERFORMANCE METRICS

12 MW+ Solar Capacity Installed

98.6% On-Time Project Completion Rate

180+ Projects Executed

50+ Skilled Professionals

Continuous O&M Support and Client Satisfaction

EXECUTION EXCELLENCE

**In-house design
and engineering team**

**Zero-dependency
on third-party vendors**

**Fast-track
execution model for
solar EPC**

**AI-enabled resource optimization
(in pilot phase)**
