INTRODUCTION

SNAP SOLUTION & PROJECT INDIA PVT. LTD. has been a leading player in the EPC industry for 18 years, providing specialized and reliable project management services to various industries. Our team comprises highly skilled professionals with state-of-the-art technology, making us a preferred partner for companies in sectors such as education institutions, port trusts, airports, hospitals, and other corporations. We offer end-to-end solutions, from design to maintenance and leverage cost-effective and streamlined commissioning processes to bring the power of solar within your reach. Our track record speaks for itself - we have consistently pushed the boundaries to become a prominent EPC (Engineering, Procurement and Construction) contractor, handling all activities from design, procurement, and construction to commissioning and handover of deliverables to the Owner or Operator in infrastructure, railways, construction, mining & retail sectors across multiple states in the country with world-class engineering ability.

OUR VISION

Become a leading provider of affordable, innovative & high quality energy solutions services beneficial to residential, commercial, institutional and industrial consumers in India. Our goal is to exceed the expectations of every client by offering outstanding products and services at great value to optimize the payback to customers for their investments.

OUR MISSION

To provide superior quality and innovative energy solutions to help consumers overcome the difficulty of getting reliable power at affordable costs. Provide continuous value to customers through excellence in customer service and fast response times.

ABOUT US?

We are running with a team of Experts and Engineers with planning and design experts including Renewable professionals, Experts in Civil & Electrical Engineering, Finance and Management professionals. We provide support from the inception through land acquisition, design, detailing, integration and commissioning as a turn-key solution. We are based in Indore and working on several projects in Madhya Pradesh, Gujarat, Maharashtra, Rajasthan and across India. Through a variety of service offerings, we dedicate ourselves to being a leader in energy solutions.

MEP-EPC TURNKEY PROJECTS

SNAP Solutions is an Engineering, Procurement & Construction company with specialisation in execution of various types of projects on lumpsum Turnkey Basis, Industrial Plant Piping & Equipment Erection, Fabrication and Erection of Structural Steel in Industries / Sectors like Infrastructure/Road, Railway & Power in India. With in-house experienced team, SNAP is able to meet the project requirements in terms of Design & Supply, Installation, Testing & Commissioning, With focus on Quality and Safety, our Project Management & Construction Management teams endeavours timely project completion.

LT/HT PANELS

To provide a one stop solution for all your power needs, we manufacture a wide range of LT panels and distribution boards. All the panels that we manufacture are fabricated from quality raw materials made of rustproof steel, which ensures their incredible performance.

we have a wide range of panels covering Main LT Panels, Motor control & Power control centre panels, APFC Panels, Auto Mains Failure Panels (AMF) and DG Synchronising Panels.

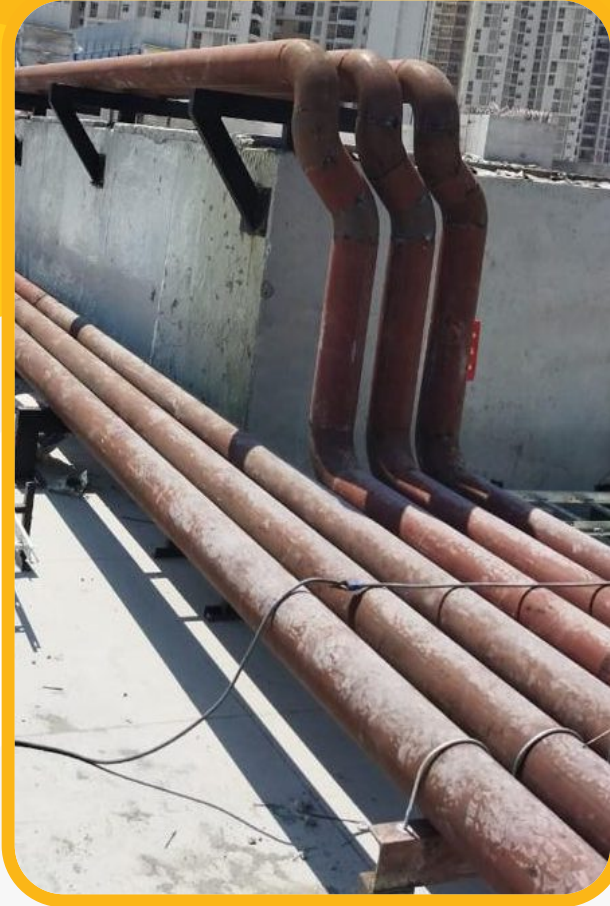

SITC OF MS STRUCTURES & MS FABRICATION

We are equipped for:

- Plant building structures
- Stack/Chimney
- Pipe Racks
- Ducting/Cladding
- All other kind of precise fabrications work.

MS & ALUMINIUM PIPING

MS & ALUMINIUM PIPING

We are the best in giving engineered Fire, Plumbing and utility solution with high construction quality commitment from top corporate company at single window. Our skilled personnel team is fully trained and equipped to provide solutions in water and energy conservation.

We provides complete and comprehensive systems for:

- Piping and fluid handling systems
- Fire Fighting system
- Compressed air pipeline systems (Aluminium/GI)
- Pipe fabrication and welding for spooled or skid installations

SOLAR ENERGY SOLUTIONS

We offer end-to-end project management solutions for solar energy systems including equipment Installation, testing and commissioning. SNAP is uniquely positioned to offer hybrid solution.

SOLAR MOBILE LIGHT TOWER

- High efficient lighting of 56000 lumens delivered
- Backup Time of 13-14 hours guaranteed,
- Auto ON/OFF mode available,
- Robust trolley design with suspension.

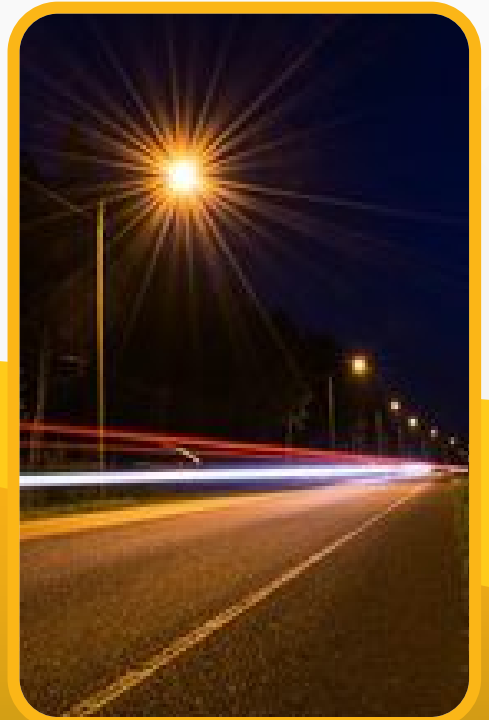

HIGHWAY STREET & OUTDOOR LIGHTING

People gain an important sense of safety and security when neighbourhood and city roadways are well illuminated with street lights.

Possessing a passion for quality, service and innovation, SNAP Solutions supplies & Install decorative and conventional street lighting poles and lamp posts that are installed in Plants, Highway, Hospitals & various segments.

- Corrosion & Chemical resistant.
- Light Weight.
- High Mechanical Strength.
- Better Aesthetics.
- Electrically Insulator - non conductive.
- Low installation Cost.
- Maintenance free.

EARTHING ELECTRODE & LIGHTING ARRESTOR

ULTIMATE EARTHING SOLUTION, High Efficient Earthing Products, Consistence Performance, Maintenance Free, Low Resistivity, Easy to Install, Longer Life.

SWITCHGEAR

In an electric power system, switchgear is composed of electrical disconnect switches, fuses or circuit breakers used to control, protect and isolate electrical equipment. Switchgear is used both to de-energize equipment to allow work to be done and to clear faults downstream.

CRUSHER & HM PLANTS SPARES

Bearing, Conveyor Belts V Belts

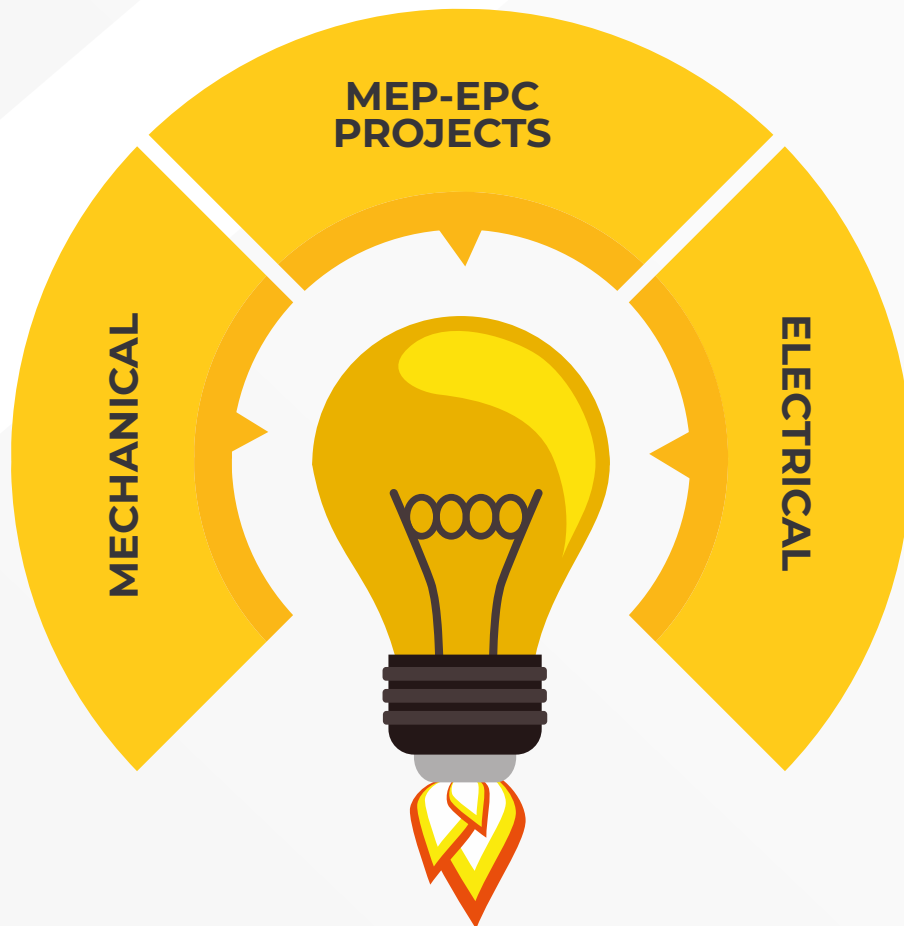

ANCHOR BOLTS MANUFACTURER & SUPPLIER

L Anchor Bolts, Structural Anchor Bolts, Fully Threaded Anchor Bolts, Half Inch Anchor Bolts, Galvanized Anchor Bolt, J Bolt For Concrete Anchor, Long Anchor Bolts.
